NUMBER 28

JANUARY COURT.

Buyers Were Numerous and Willing to Buy, But Cattle Market Was Small.

A small run of cattle, only about 1,200 on the market. The quality was medium, trade good and prices firm. The best 900@ 1000-lb. steers at 5½c, with a few yokes of 1,200-lb. oxen at 5½c to 6c; yearlings at 5c to 5½c; heifers at 4c. to 4½c; cows at 3½c to 4½c; bulls at 4c to 4½c; old cows and rough oxen at 1½c to 2c.

Good crowd at the pens and buyers were plenty to take anything that was at all desirable.

SALES.

John E. Vice, of Bath county, bought a yoke of oxen of 2,300-pound steers of Dick Iles at 5½c.

Thos. Adams, of Fayette county, bought 20 800-lb. cows from 3½c to 4c. and a 1,000-lb. bull at \$4.25.

Henry T. Brown, of Fayette county, bought 44 about 600-lb. yearlings of Milt Lykins at \$30 per head.

B. F. Stafford sold 25 600-lb. heifers to B. F. Dalzelle, of Bourbon county, at \$4.80.

Harlan Jackson sold 10 750-lb. cows to W. A. Stevens, of Clark county, at \$3.35.

W. H. Blankenship sold 9 800-lb. cows to Thos. Adams at \$3.40.

N. O. Moss sold 6 600-lb. heifers to Jonas Weil, of Lexington, at \$4.65.

G. T. Fox bought yoke 2,300-lb. oxen of Green Allen at \$1.40.

Sam Wheeler sold 11 550-lb. steers to D. D. Bell, of Paris, at \$4.50.

Geo. Halsey sold 3 800-lb. cows to C. H. Sayer, of Lexington, at \$3.75.

Steve Pieratt sold 5 950-lb. steers to Jas. McDonald at \$5.25.

Sam Turley sold a 1,000-lb cow to Jonas Weil at \$4.25.

Mike Wilson sold 5 625-lb. steers to Wat Long at 5c.

Green Allen sold 2 950-lb. steers to D. C. Cleveland, of Cynthiana, at \$4.75.

Asa Magowan sold yoke of 2,475-lb. oxen to Jas. McDonald at \$4.35.

Jesse Highland bought yoke of 2,500-lb. oxen of Dick Iles at \$5.65.

MULES.

Quite a bunch of mules on the market and some good heavy ones among them. Prices good and trade fairly brisk. Some big mules sold as high as \$550 per pair, and several pair at from \$475 to \$500. 15½ hand mules of good weight at \$175 to \$200; small mules at from \$125 to \$150.

A good demand for fine horses, and several buyers here looking for that sort.

Talk Seventeen.

Every man ought to come right out flat-footed with himself! And every man who is without Life Insurance is not honest with himself! Put such a man on the witness stand and ask him wherein he lacked the good sense his friends credit him with, and he'd have to admit: "I know I ought to be insured."

Then there's another form of self-justice. Suppose you have a policy? Have you read it? If anybody woke you up in the night could you recite the gist of it? Do you actually know what you've bought? Oh, no doubt you THINK you do; but do you? That level head of yours ought to tackle the subject a good deal quicker and more searchingly than you'd look into your investments. You can rectify what is wrong if there is something wrong; but if you were to pass away—well, it not only wouldn't be rectified, but its intended provisions would be like snow in the river.

This being candid with yourself isn't any bouquet. It is merely having your eyes open and finding out about things. A little help along that line wouldn't hurt. Might be more help than you've any idea of.

FAVOR 1911 CUT-OUT

At Meetings Held in the Various County Seats The Burley Tobacco Growers Voted in Favor of Cut-Out.

At a meeting of the tobacco growers at the Court House Saturday afternoon, Montgomery County voted in favor of cutting out the 1911 crop. Strong speeches were made by Ben W. Hall, and Col. A. W. Hamilton in favor of not raising a crop this year. There were about 200 farmers present. The majority of the independent growers failed to attend and those who did, voted against the proposed cut-out.

HOW OTHER COUNTIES VOTED.

Oldham, Trimble, Washington and Boyd, rejected the cut-out; four counties, Bourbon, Scott, Clark and Mercer were divided in their decisions; and the other counties were strongly in favor of the cut-out.

Bath county—Big meeting and 145 growers pledged 922 acres to the cut-out and county is expected to be unanimous.

Boone County—Everyone at the meeting signed the pledges to cut and sentiment is strong.

Bourbon County—Split on the vote, with those voting to grow a crop in 1911 in the majority. Definite action was postponed until February.

Boyle County—Rejected the cut-out and favor a pool.

Carter County—Voted unanimously for the cut-out.

Clark County—Growers are unable to come to an agreement and took no vote.

Fayette County—Voted for the cut-out.

Fleming County—Voted for the cut-out three to one.

Franklin County—Voted for the cut-out and put solicitors in the field.

Garrard County—Vote for cut-out with opposition, 137 growers signed cut-out pledges and twenty books of pledges were put into the field with workers that hope to make cut-out unanimous.

Grant County—Voted solidly for the cut-out.

Harrison County—Voted very strongly for the cut-out.

Henry County—Voted for the cut-out.

Jessamine County—Voted for the cut-out.

Lincoln County—Held a big meeting and voted unanimously for the cut-out.

Madison County—Voted unanimously for the cut-out, a hundred signed the cut-out pledges, and forty volunteered to canvass for more pledges.

Mason County—Voted for the cut-out.

Mercer County—Independents refused to sign the pledge and the proposed cut out hung fire.

Montgomery County—Voted for the cut-out.

Nicholas County—Voted for the cut-out.

Oldham County—Rejected the cut-out plan and favor limiting acreage.

Owen County—Voted strongly for the cut-out and 2,500 acres were pledged at the meeting.

Pendleton County—Had a big meeting and voted for the cut-out but want the Blue Grass Counties in it.

Scott County—Postponed the vote until January 16.

Spencer County—Voted unanimously for the cut-out.

Trimble County—Rejected the cut-out and favored reduction of acreage and a pool of the next five crops.

Washington County—rejected the cut-out.

Nelson County—Not heard from up till late Saturday night.

JOSEPH H. KEMPER

Elected Manager of the H. G. Hoffman General Agency.

At a meeting of the board of directors of the H. G. Hoffman General Agency in Lexington Saturday afternoon, Joseph H. Kemper was elected manager. Mr. Kemper is thoroughly versed in the business and is a very competent underwriter. The General Agency has recently made new contracts with some large fire insurance companies, which will add much strength to its already larger underwriting capacity. Under Mr. Kemper's management the General Agency will adopt an aggressive policy for business. Lexington Leader. Mr. Kemper's many friends will learn with pleasure of his promotion to manager.

Charley Nesbitt Gets Position in Lexington.

The Lexington Herald of Friday contained a picture of C. H. Nesbitt, of this city, and had the following to say relative to his new position as manager of the Postal Telegraph Company in that city.

"The new manager of the Postal Telegraph Company to succeed T. H. Gore, who resigned, is C. H. Nesbitt, who has been chief operator in this office for two years. He will take charge next Saturday.

Mr. Nesbitt is from Mt. Sterling, and was connected with the Western Union at first. He is an excellent manager, and the promotion was much deserved."

Charley is a popular and deserving young man and his many friends at his old home will learn with pleasure of his success.

Fifty Masked Men Lynch Three Negroes at Shelbyville.

Fifty masked men Sunday morning stormed the Shelby county jail and seized and lynched three negroes, two of whom were charged with insulting white women, and the third to hang for the murder of a negro woman, and held awaiting his day of execution to be named.

The bodies of two of the negroes, Gene Marshall and Wade Patterson, have been found. That of the third is still unaccounted for, although he was seen with the mob with a rope about his neck. The third negro was Jim West. According to Ernest Hornback, Deputy Jailer, the mob appeared at the jail at 2:10 o'clock Sunday morning and it was 3:25 when they took the three negroes away, leaving fourteen others in the same cell from which the three were taken.

TWO OF THE BODIES FOUND.

The two bodies recovered were found about a quarter of a mile apart.

That of Marshall was found hanging to the bridge over the Eminence pike, near the jail, while that of Patterson was found in Clear Creek.

Patterson, it is said, attempted to escape and was shot and his body thrown into the creek.

According to Deputy Jailer, Hornback, Jailer Edward Thompson hid the jail keys when the mob appeared and later, when the mob became more insistent, Hornback let the men go into the jail office.

"They said there were three negroes here we are going to get or else blow the jail up," Hornback said.

MOB YELLS FOR DYNAMITE.

"They kept yelling for the dynamite while some of the mob started to beat on the cell locks with a sledge hammer. About twelve men had their guns pointed at me, demanding the keys, but I insisted I did not know where they were. Finally at 3:25 o'clock they broke the cell door open and took out West, Marshall and Patterson."

Patterson, it was charged, insulted two white women during the holidays and knocked both of them down. West's alleged crime was more recent and it is said he had often been seen "throwing kisses" at white women. He was a chauffeur.

Marshall was sentenced to hang for byheading a negro woman more than a year ago.

GOVERNOR WILLSON TALKS.

Governor Willson has issued a statement rebuking the officers of Shelby county and declaring if he had the right he would remove every officer in the county who had the power to prevent the lynching. He further states that the officers were aware the lynching was to take place and did nothing to prevent it.

General Tumbling of Food Prices is Expected at Once.

Millions of pounds of butter, eggs, cheese and poultry, held in cold storage warehouses in Chicago will be thrown on the market before May 1, and a general tumbling of food prices is expected at once, according to commission merchants.

Numerous Chicago commission men are said to be facing failure as a result of their efforts to maintain an artificial price on the necessities of life. The inability further to uphold this price is said to be due to a combination of circumstances such as the open winter of 1909 and the banner crops of 1910.

COMMISSION HOUSES FAIL.

Three commission men failed in the past week as a result of holding great quantities of butter which they purchased at an average price of 31 cents a pound, and now are unable to market for more than 27 or 28 cents a pound.

While the wholesale prices of butter and eggs has dropped decidedly within the last two weeks, there has yet been no decline in the retail prices. Much of the product which is to be unloaded on a falling market, has been in warehouses for as long as five years.

By means of cold storage commission men have been able to maintain an artificial price not only to the consumer, but to the producer, it is said. Thirty-two warehouses are known to have 44,000,000 pounds of butter, eggs and poultry.

OLEMARGARINE HAS HELPED.

The increased sale of Oleomargarine is given as an added cause for the situation. Thousands of customers unable to pay the price at which butter has been held, have become user of oleomargarine. Butter is six cents a pound lower wholesale than it was a year ago and is selling at the lowest figure in five years. An indication of the decline in the last ten days is shown in the following:

January 5.—Eggs, fresh, 34 cents; prime, 32 cents; firsts, 30c.
January 15.—Eggs, fresh, 33 cents; prime, 29 cents; firsts, 26c.
January 5.—Butter Extra creamery, 29 cents; firsts, 25½ cents; dairy, 25 cents.
January 15.—Butter extra creamery, 27 cents; firsts, 22 cents; dairy, 23 cents.

The wholesale prices on smoked meats, beef and pork has been slightly reduced in price. The big corn crop of 1910 is given as the cause.

\$1,500 Reward Offered For Dynamiters.

That the authorities in this county do not intend to lay low about the effort to dynamite the tobacco warehouse of Allie R. Robertson is evidenced by the following notice.

"Reward"—A reward of \$1,500 is offered as follows. \$500 by Allie R. Robertson, for the arrest and conviction of the person or persons guilty of the attempt to dynamite the warehouse occupied by him in Mt. Sterling, Ky., on the night of Tuesday, Jan. 10 1911; \$500 by the city of Mt. Sterling on the same conditions and \$500 by the Commonwealth of Kentucky for the arrest and conviction of the guilty parties if said crime was committed by the act of two or more persons in conspiracy to injure the property of another."

The reward is signed by Mayor Samuels and Mr. Robertson, and has been sent to detective agencies and noted sleuths all over the country. Determined efforts are being made to ferret out the guilty. Officer Tipton having run down two clues and is hard at work on another which seems important.

An Educational Institution.

When the great scientist, Mendel, first announced his principles of heredity they were held to be fundamentally unsound by the scientists and the laity generally. The principle of segregation of characters, according to which dissimilar parental characteristics do not blend in the progeny, but come out intact as in the the grandparents, is now universally recognized, and in the same manner in which the principle of segregation was scouted upon its first announcement, so there still remains today much skepticism regarding the principle of dominance which is equally as fundamentally true.

What Mendel has been to the theory of inheritance, and what Luther Burbank has been to the evolution of the vegetable kingdom J. Gano Johnson, at Mt. Sterling, Ky., is to the science of horse breeding. To every one who comes to know him well it becomes apparent that the mental content of the man is a psychological phenomena. He is a horse breeder almost by instinct, and naturally many of his theories, and much of his practical work along scientific lines as applied to horse breeding have been misunderstood and misconstrued in exactly the same way as were the theories of Mendel, Spencer and Darwin.

Mr. Johnson knows things by a seeming process of intuition and while in some departments of his investigations he has not reached a place where he can make all of his knowledge explicable to the commonality of horsemen, he has demonstrated so convincingly in such a variety of instances the fundamental soundness of the principles underlying his operations, he has recently been accorded a recognition which ultimately is attendant upon all great discoveries.

In the first place, the operations at the Emerald Chief Stock Farm have suffered from the ignorance of the public mind concerning the real meaning of the term "in-breeding" and under this misconception of the word Mr. Johnson has been called an ex-

tremist. It is undisputably true that all great families that have achieved prominence in any department of natural life have resulted from a judicious mating of certainly closely related individuals having family characteristics in common and mutual blood. Thus the underlying principle of

Mt. Sterling women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Mt. Sterling woman's words:

Mrs. J. P. Nelson, 34 Richmond Ave., Mt. Sterling, Ky., says: "I can give Doan's Kidney Pills my highest endorsement. They have proven of great benefit to me and I believe that if I had not used them, I would be in poor health today. My back nearly drove me frantic, as it ached almost constantly and I always felt tired and worn out. The least thing worried me and I also suffered from nervous headache. Since using Doan's Kidney Pills, procured at F. C. Duerson's Drug Store, I feel like a different woman. I take them whenever I have the least recurrence of kidney trouble and they never fail to give me prompt relief."

the Bruce Low theory is that of "returning to the sire the best strains of the dam," but the theory upon which Mr. Johnson's success is being attained in actual numbers is rather that of in-line breeding than what is commonly called or termed "in-breeding." proximity thereto, there are scores of colts and fillies of various ages that afford material verification of the soundness upon which Mr. Johnson's efforts are based. He has selected certain families of horses, and he has inter-blended the blood of individual members of same, with a success which is impossible of successful contradiction. The causes for the selection of these particular families are not pertinent to the present purpose, it being sufficient to say that the families at the head of which stand the horses Indian Chief and Harrison Chief have been those which have afforded Mr. Johnson the basis for operations. All those who are at all familiar with the history of these famous individuals agree that each of them was outstandingly the superior of his contemporaries, and that they were prepotent in a remarkable degree is best evidenced by the success of their progeny and the uniformity with which they have transmitted their characteristics to their descendants.

There is in the operation of the Johnson Farm neither mystery nor accident. Both the physiological and the psychological principles upon which they are based are in accordance with the operation of a law, and a law which works immutably in every case. The combined blood of Harrison Chief and Indian Chief, for example, has filled portions of Kentucky with a host of champion horses—Bit and Spur.

A great many more young men and women are sent upon the road to ruin by money than by poverty. As a rule, the devil wants no better chance at boys and girls than to have their pockets filled with cash, and then set down at some fashionable resort. Rest is all right--revelry is all wrong.

Attention, Ladies.

There is no fault so hard to overcome as the hasty temper. We make any number of good resolutions, and then the first time we have any provocation, away we go without an instant's warning, and before we realize what we are doing, the unkind words have been spoken, and no matter how much regret we feel, they can not be unsaid.

Dr. Nunnally dead.

Rev. James K. Nunnally, one of the best known ministers of Kentucky, died at his home in Georgetown, Tuesday after a long illness, aged 65 years. He was pastor of the Baptist church at Sharpsburg, for fifteen years. He is survived by his wife, who before marriage was Miss Dee Allen of Sharpsburg.

Mr. Nunnally had frequently visited in our city where he was well known and admired. He was a brother of W. R. Nunnally, formerly of this city.

The wages of woman were never so high as now, yet it is almost impossible to secure the services of a good woman at any price, for the reason that labor is looked upon as degrading. JUDSON HARMON, OF OHIO, FOR PRESIDENT

THE CUT-OUT FOR 1911.

The sentiment among tobacco growers in favor of no crop this year seems to be strong and indications are there will be no great quantity of the weed grown in 1911.

We have read, with interest, the reports from the various meetings held in the tobacco growing counties, and in a number of them the farmers intending to grow tobacco, did not attend and participate in the meetings. We feel safe in saying this was true, to an appreciable extent, in our own county.

The question is one about which intelligent farmers honestly differ. Rev. E. G. B. Mann, an able Methodist minister in the Fayette county meeting, opposed the cut-out, on the ground that many farmers, having contracted to raise tobacco, were preparing to do so and that an effective cut-out was only possible by more night-riding and bloodshed. This opinion is entertained by many thinking people, with whom we have talked. We are free to admit, the more we consider the subject, the farther at sea we are. Living, as we do, in an agricultural community, with interests in common, we can only hope for the best and advise our citizens that by being conservative in speech and regardful of the rights of others, much can be done to prove Dr. Mann's fears unfounded and to promote peace and good will in our beloved Commonwealth.

We desire to congratulate Judge Allie W. Young upon his able instructions to the grand jury. Conditions in our county and the necessity for the enforcement of the law, were never more vividly or impressively presented. The grand jurors and audience alike were profoundly impressed with his earnestness and determination to use his every effort to meet out sure and speedy justice to wrong doers. In this he has the best wishes of every good citizen in the community.

The present energetic and efficient Board of Supervisors is making things warm for the tax-dodgers and many a man has "had a piece of paper dropped in on him," in the form of a notice to show cause why he should not "come across."

MOUNT STERLING, KENTUCKY

Lodge Meeting.

On Monday night January 23, Boone Lodge No. 1, I. O. O. F. of Louisville will give all Odd Fellows within reach of Louisville, one of the greatest treats that has been given in this section for many years.

On that night the 1st degree will be given to 100 candidates in the Armory at Sixth and Walnut, Merrick Lodge No. 31, of Lexington, its degree team will do the work. This team has gained a national reputation for good work in this degree. Every Odd Fellow Lodge in Kentucky and Southern Indiana has been invited and it is expected that fully 4000 members will be present. Special arrangements have been made with the railroads and Interurban lines so that every member who wishes to attend can do so. Grand Sire Cockrum, and W. H. Leedy, Grand Secretary of Indiana will be present. All the Grand Lodge Officers of Kentucky have been invited and will be present. Boone Lodge is the oldest Lodge west of the Alleghany Mountains, having been established February 10th, 1833, by Grand Sire Wiley, the founder of the order. From Boone Lodge came all of the older lodges in Louisville.

Boone Lodge also established the order in Indiana by instituting New Albany Lodge No. 1, in New Albany.

For these reasons Indiana members are particularly interested in this meeting, feeling that in the true sense, the mother is calling her children home.

"Lame Leg Well"

"I wish to say that I have used Sloan's Liniment on a lame leg that has given me much trouble for six months. It was so bad that I couldn't walk sometimes for a week. I tried doctors' medicine and had a rubber bandage for my leg, and bought everything that I heard of, but they all did me no good, until at last I was persuaded to try Sloan's Liniment. The first application helped it, and in two weeks my leg was well."—A. L. HUNTER, of Hunter, Ala.

Good for Athletes.

Mr. K. GILMAN, instructor of athletics, 417 Warren St., Roxbury, Mass., says:—"I have used

SLOAN'S LINIMENT

with great success in cases of extreme fatigue after physical exertion, when an ordinary rub-down would not make any impression."

Sloan's Liniment has no equal as a remedy for Rheumatism, Neuralgia or any pain or stiffness in the muscles or joints.

Side-Stepping a Sneeze.

Probably everybody has experienced the displeasure, if not actual pain, which comes from missing a sneeze. There is an easy way out of this if one happens to be out of doors at the time and the weather is clear. Just glance at the sun. There is something about the brightness of it that supplies the missing irritation, or whatever it is that is needed, and nine times out of ten if the sneeze has not got too far away it will come back.

Scheme to Sell Photos.

A man in the photograph business has a good scheme for selling his pictures. Every bright day he makes his headquarters at Riverside drive and Ninety-eighth street, where he snaps passing motorists. He takes a record of the license number, hunts up the owner, and if he was not in the auto party finds out who was. The sale of his pictures is an easy matter.—New York Sun.

Nervous

"I was very nervous," writes Mrs. Mollie Mirse, of Carrsville, Ky., "had palpitation of the heart, and was irregular."

"On the advice of Mrs. Hattie Cain I took 2 bottles of Cardui and it did me more good than any medicine I ever took."

"I am 44 years old and the change has not left me, but I am lots better since taking Cardui."

Take CARDUI

The Woman's Tonic

Cardui is advertised and sold by its loving friends. The lady who advised Mrs. Mirse to take Cardui, had herself been cured of serious female trouble, by Cardui, so she knew what Cardui would do.

If Cardui cured Mrs. Cain and Mrs. Mirse, it surely will cure you too. Won't you try it? Please do.

Bluejackets as Divers.

The free instruction given by the United States navy at its seamen gunners' school includes a course in diving. Many of the younger bluejackets become very proficient in this work. Besides his regular pay the member of a ship's crew, if a diver, receives an extra compensation of \$1.20 per hour for the actual time he is employed under water.

Vital Statistics.

Beginning with the New Year, Kentucky will hereafter take official cognizance of births and deaths which occur within her borders. Local registrars have been appointed for every county in the State, and furnished with the necessary supplies to begin their work. Physicians are required to report within ten days the births and deaths occurring in their practice and to give the causes of deaths with other facts connected with them, on blanks to be provided.

The undertaker is also required to make report of interments as well as to procure from physicians and others the facts relating to the cause of death. The cemetery keeper, sexton, or owner of private burying grounds, will not be permitted to bury bodies without a permit from the local registrar, and bodies shipped by common carriers, must have permission from the local officers and be so prepared as that there will be no danger of a spread of disease en route.

The State Board of Health is responsible for the law, which is the same as is in force in the more progressive States and heavy penalties have been provided for its infractions. The information given with the certificate of death will be valuable to the State Board, as it will enable it to locate contagious, infectious and communicable diseases and to enforce proper regulations and precautions to prevent their spread and slaughter of human beings.

Great good is expected to be produced by the law, which all good citizens should help to enforce.—W. P. Walton in Lexington Herald.

CHOLERA KILLS

Don't let this most destructive of all infectious diseases get a "grip" on your flock. A few drops of

BOURBON POULTRY CURE

in the drinking water cures and prevents Cholera, Limberneck, Roup and other existing forms of poultry diseases, and puts fowls in prime condition for egg-laying.

One 50c bottle makes 12 gallons of medicine. Every poultry raiser should keep a bottle of this medicine on hand.

W. S. LLOYD, Druggist, Mt. Sterling, Kentucky.

Concrete Facts.

Pulverized wood is sometimes mixed with cement for making what is known as wood concrete. This is lighter than concrete that is made with sand. Straw, seaweed and hay are also pulverized for use instead of wood. The pulverized product is very much like sawdust. The chief advantage of wood concrete over ordinary concrete is that it is soft enough to permit of nails being driven into it.

The Shad Crop.

Shad has been very abundant on the Atlantic coast this year; yet experts declare that had it not been for the government hatcheries this fish would now be practically extinct here for commercial purposes.

After Grippe or any Sickness

Vinol Creates Strength HERE IS PROOF

"After a long attack of Grippe, Mrs. Vaught seemed unable to recover her strength. She was very weak and had no appetite. VINOL rapidly improved her condition and restored her to health. I sincerely recommend its use during convalescence or any run down condition."

JUDGE C. N. VAUGHT, Huntsville, Ala.

Miss Adelaide Gamm, of Watertown, Wis., writes, "After a severe attack of the Grippe, my system was in a very weakened, nervous, run-down condition. I took VINOL with the best of results, and it made me feel better and stronger than I have been for years."

We have never sold in our store a more valuable health restorer for weak and run down persons than VINOL, and we ask such people in this vicinity to try VINOL with the understanding that their money will be returned if it does not do all we claim for it.

California Breeders Want Turf Commission.

California breeders are said to be behind the movement for the passage of a law creating a State racing commission which shall regulate racing in California. It is said the bill, which is being drawn, will be patterned after the present Kentucky law.

Oakland, the only track now operating in California, is experiencing prosperity with the best attendance, despite the increase in the price of admission to \$2, and the greatest volume of speculation since the anti-racing measures were passed by the State Legislature. This has been made possible by favorable court decisions as to the holding of bets by a third person.

The activity of the opponents of racing in the last few days, however, has proved disquieting to turf interests, and the promise to eliminate the so-called "overcoat" method is the result.

Dr. W. E. Barker Makes a Remarkable Statement After Traveling from the Atlantic to The Pacific.

(From the Fall River Globe.)

As he secured some of the most notable indorsements to his theory, he does not hesitate in saying that he will positively guarantee bloodine to cure stone in the bladder or any kidney or bladder trouble, no matter how long you have been suffering. Ninety-seven per cent. of the entire population of the United States are afflicted with kidney or bladder trouble. In the last seven years bloodine has cured 96 per cent. of the cases that have been treated with it.

Hundreds of cases of hemorrhage of the bladder have been cured after treatment in some of the leading hospitals have failed to even relieve the patient. We are therefore confident that our theory of treating these cases with bloodine, is the only possible manner in which such a large percentage of cases can be cured, that we do not hesitate to guarantee the efficiency of bloodine.

Mr. Hanson, the business manager of the Postal Telegraph and Cable Co., of Biddeford, Maine, had a stone in the bladder removed with six and one-half bottles of bloodine, after being told by all the leading physicians in his vicinity that the only way it could be removed was by an operation. We stand ready to furnish positive proof of the above statement to any one doubting the truth of the same.

More than five million bottles of bloodine were sold in America last year. Can there be any greater evidence of merit than this unparalleled sale of a scientific product. No other product has ever met with such astounding sales in so short a period, and from a conservative estimate the sales this year will reach ten million bottles. 2,880 bottles were

sold in a single day in Cleveland, Ohio; 2,160 bottles were sold in Rochester, N. Y., at the first day's introductory sale, and 1,400 bottles in Patterson, N. J., in one day. No scientific treatment has ever attained such success in America. We are now supplying druggists with bloodine, for the convenience of those wishing to convince themselves of its merits. If your druggist does not have it, The Bloodine Laboratories, Boston, Mass., will supply you with a six weeks' treatment (six bottles) for \$2.50; 50c a bottle, trial sample and booklet 10c.

W. S. LLOYD, Special Agent.

Engineer William Kash Meets Death in Wreck.

One man was killed, another perhaps fatally injured and another badly scalded last week near Bagdad, fifteen miles west of Frankfort, when the crownsheet of a C. & O. freight engine blew out. The dead and injured are:

William Kash, engineer, was so badly injured he died at midnight. B. F. Poindexter, fireman, ribs broken, scalded and burned.

E. C. Fogelman, head brakeman ribs broken, skull fractured; will probably die.

The accident happened while the train was moving at a good rate of speed. The cause of the explosion is not known. The injured fireman and brakeman were taken to Lexington on the east-bound C. & O., each man being attended by a physician. The engineer was so badly scalded that he could not be moved. He was left at a farmhouse near Bagdad, and died there a few hours after the accident. His body was cooked by the scalding steam and the fire from the firebox.

SKIN AFFECTIONS

Whether on Infant or Grown Person Cured by Zemo and Zemo Soap.

AN UNUSUAL OFFER.

Thomas Kennedy, the druggist, says to every person, be it man, woman or child, who has an irritated, tender or itching skin to come to his store and procure a bottle of ZEMO and a cake of ZEMO soap and if you are not entirely satisfied with results, come back and get your money. So confident is he of the efficacy of this clean, simple treatment, that he will make you this unusual offer.

ZEMO is a clear liquid for external use that has cured so many cases of eczema, pimples, dandruff and other forms of skin eruption. ZEMO and ZEMO soap are the most economical as well as the cleanest and most effective treatment for affections of the scalp, whether on infant or grown person.

No. 2.

Sizing Up His "Load."

Fargoans had occasion recently to speculate as to whether a drunken man was such an idiot. He was standing on a penny weighing machine endeavoring to insert a coin in the slot. He said he wanted to weigh himself to see how much of a "load" he had.—Fargo Forum.
